General measures in town:

- Compulsory wearing of masks everywhere in the port and the old town (see map below);
- Respect of physical and/or social distances (1 meter between each individual);
- Deployment of municipal police officers during the week and at weekends with vehicles equipped with loudspeakers to remind the public of these measures with the issue of fines if necessary;
- Establishment of a provisional emergency unit made up of two medics and an emergency vehicle made available by the regional fire department, situated at the centre of the event on the Quai Jean Jaurès;
- A stock of masks and hydro-alcoholic gel will be given to each security officer and policemen in the exceptional circumstance where a visitor has come unprepared and is unaware of the protocol in place, this applies in particular to overseas visitors;
- Visual communication will be put in place by the municipality in the form of signs stating « compulsory wearing of masks » as well as on the town's digital signposts. There will be specific signage at the town's entrance (Bouillabaisse) indicating the same information and the measures specific to the event;
- Barriers will be placed on the quai d'Estienne d'Orves to channel spectators;
- Increased vigilance through video surveillance (particularly regarding compliance with mask wearing) with the installation of 36 cameras within the perimeter zone.
